

BRING HARTFORD CHILDREN'S THEATRE TO YOUR SCHOOL WITH OUR OUTREACH EDUCATION PROGRAM!

The bell has just rung. School's out. What can you do to keep your students active in a positive way? HCT theatre professionals lead classes designed to encourage creative expression and self-discovery in a supportive and non-judgmental way. Students have the opportunity to learn from professional and educated performing arts teachers! HCT's outreach programs set the stage for lifelong learning that extends well beyond the fall of the theatre curtain. HCT reaches out into the community to provide students with the tools they will need to develop necessary life skills and become confident, well-rounded, creative individuals.

- Eight week programs for Elementary and Middle School students.
- Programs can include tickets for students to attend an HCT Main Stage Production.
- HCT's Outreach Program provides a great opportunity for your students to explore their creativity in the arts because we bring an experienced teaching professional to your site!

For more details regarding the Outreach schedule, the fees, the curriculum and the program please contact us at 860.249.7970
